## ***Celebrating our Twentieth Anniversary!***

## **Featured Piece**

In 2000 I felt that it was time to put down some roots and feeling the pull of the sea, I moved back East, settling on Nova Scotia's scenic South Shore. In 2008 Seal Rock Studio was created.

I recently created these earrings to acknowledge the importance of that time on my designs. It takes a while for a landscape to settle into your subconsciousness. Upon reflection I realized that the pieces I made then were a combination of the two very different areas most important to me- the rocky, distant mountains of Nunavut coupled with the strong ocean horizon I see daily from my new home.

## Artist Statement

The reward is in the act of observing. Stone colours, textures, the shape of leaves, the ebb and flow of the sea, the changing seasons - all of these things continue to inspire my work. A gesture of thanks and appreciation.

At first it was a technical challenge - to really learn to see the natural world and to develop techniques to capture a sense of it in metal. But as time has passed I am now realizing another purpose: Connection. People connecting to place, places connected to each other, and our shared connection to the world around us.

*“The moon casts 3 shadows, you know.”*

One of my students said that to me almost 20 years ago. I am still thinking about it.

## TESTIMONIAL

*"I just wanted to tell you how much I like my 'celebration of the land' ring you made for me. My friend gave it to me and it is a symbol of the travels we did together this past year. The mountain you added makes it perfect. Thank you so much."*

I spent years travelling and living across Canada and in Canada's Arctic giving workshops, establishing jewellery studios, teaching and encouraging others to pursue a career in the arts.

In 2000 I moved back to Nova Scotia and began work on [Seal Rock Studio](#). My family and I currently live on

Nova Scotia's scenic South Shore. I continue to work as a professional artist, exploring the theme of the Canadian and Arctic landscapes – sharing my experiences both North and South.
