Artist Statement

The reward is in the act of observing. Stone colours, textures, the shape of leaves, the ebb and flow of the sea, the changing seasons - all of these things continue to inspire my work. A gesture of thanks and appreciation.

At first it was a technical challenge - to really learn to see the natural world and to develop techniques to capture a sense of it in metal. But as time has passed I am now realizing another purpose: Connection. People connecting to place, places connected to each other, and our shared connection to the world around us.

"The moon casts 3 shadows, you know."

One of my students said that to me almost 20 years ago. I am still thinking about it.

I spent years travelling and living across Canada and in Canada's Arctic giving workshops, establishing jewellery studios, teaching and encouraging others to pursue a career in the arts.

In 2000 I moved back to Nova Scotia and began work on [Seal Rock Studio](#). My family and I currently live on Nova Scotia's scenic South Shore. I continue to work as a professional artist, exploring the theme of the Canadian and Arctic landscapes – sharing my experiences both North and South.
